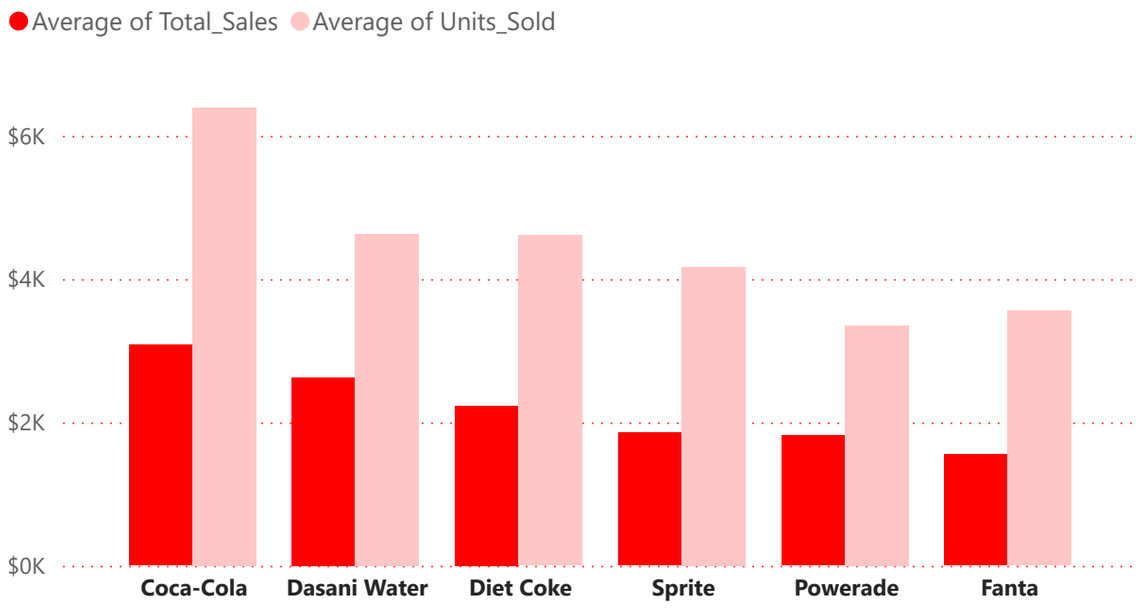
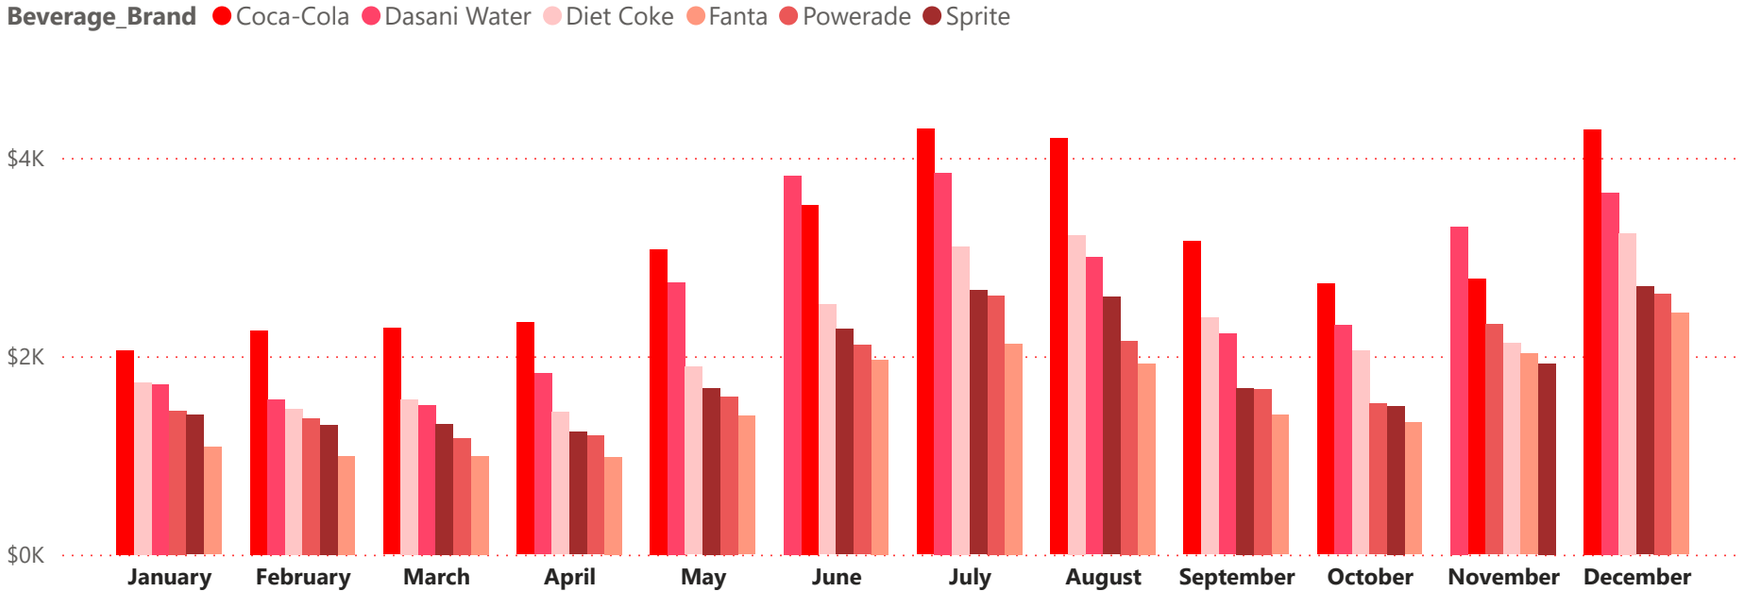
# BEVERAGE BRAND ANALYSIS

- CVS drives consistent sales across all months — a benchmark for retailer stability.
- Walmart's high profit margin shows pricing efficiency despite lower average sales. Pilot growth recovery at Walmart — $135K potential gain.
- West & Northeast regions dominate revenue — future campaigns should start there. Launch regional micro-campaigns in Midwest to close sales gap.
- June–August are Coca-Cola's money months — scale summer promo budgets. Maintain holiday performance momentum from December into Q1.

## Overall Beverage Performance



## Top Beverage by Month



Coca-Cola's performance remains strong with clear seasonal and regional growth levers.
Maximizing retailer-specific opportunities and focusing on brand performance gaps could unlock $600K+ in potential revenue over the next year.
